John Gendron threw to Frank Benson for the 2 extra points. In the fourth quarter Seekonk got its second touchdown on a 1-yard run by Gendron. The extra point try failed.

In the final seconds of play Seekonk had the ball within their own 5-yard line and Gendron in trying to pass from his own end zone was tackled by a Bulldog defender for the safety giving the Bulldogs 22 points to Seekonk's 14.

SEWER ENGINEERING CONTRACT SIGNED

After many changes and long delay caused by revised federal guidelines, the engineering contract with Tighe & Bond was signed by the Board of Selectmen on October 19th. Ron Michalski of the engineering firm said that the E.P.A. office accepted the latest revised language that Town Counsel Donald Fleming had made in the contract. The Selectmen were authorized by Special Town Meeting of June 30, 1975 to sign this agreement to have the engineers design the sewer system. Michalski said that Tighe & Bond will immediately begin design of the pumping station and will aim for finished plans for mid April of 1977 to complete Step II of the sewer system. These Step II plans are funded with $98,942.64 of Federal and State Grants for eligible services. The

When the design in complete, it will be submitted to federal authorities in application for construction funds. These facts and figures will then be the subject of a town meeting so that the voters can consider the construction phase of the system.

BUSINESS ZONING DISCUSSION

Mr. Albert Lewis representing Wharf Fish and Fillet Inc. of Marion Road met with the Board of Selectmen to discuss zoning requirements for the operation of his business. Lewis said that he was upset that the Board of Selectmen in their previous meeting had issued a temporary restraining order (since lifted) against his wholesale operation without notice to him. He said that his workers were

left wondering about their jobs and that he felt at a complete loss because he had no prior knowledge of the order. He explained the steps taken to bring the building up to standards since he had taken possession. Jonathan DePina, Building Inspector, told Selectmen that he will have a complete floor plan of the building in a week. In the interim, part of the floor space is not being used for the wholesale business. Since the zoning requirement is that no more than 50% of the space can be used for wholesale business it must be determined how space is utilized. Lewis said that the fish for the retail store is processed on the same equipment as used in the wholesale business so he asked that this fact be used in the breakdown of floor space. Selectmen will consult Town Counsel on the application of the law while awaiting the floor plan from DePina.

COUNTY TAX BILL

Selectmen received a bill for $129,694.10 for Mattapoisett's share of the total county tax of $6,598,872.11. One half of this assessment is due November 1, 1976 and one half on or before May 1, 1977.

RESCUE BOAT TRAILER LOOTED

Karl Collyer, Harbormaster, met with Selectmen to report that the rescue boat trailer had been stripped of springs, fenders, tires and axles while parked in the driveway of his home. The theft was reported to police and insurance company.

The Selectmen advised Collyer to leave the rescue boat in the water until mid-November unless a storm comes along. They told Collyer to use his own judgement in removing the boat from the water.

APPOINTED PART TIME OFFICERS.

Selectmen appointed Peter J. Bartol of West Wareham and Beverly LeConte of Marion as temporary police officers terms to expire April 30, 1977. Both must qualify in the EMP program by 1977.

3 TOWN MEETING

Selectmen received a letter from the Old Rochester Regional School Committee Chairman in an affirmative reply to a request for the Selectmen of Rochester, Marion and Mattapoisett to meet with the School Commitees of the 3 towns to discuss the one man-one vote decision of the federal court. The Board of Selectmen set a tentative date of November 8th for the meeting if the other towns agree.

results of research they have done on the impact that the town might expect from industry located in the Corporate Park. Bruce Rocha, spokesman for the Assessors, said that they have determined that such industry would create jobs but that the town could expect no income from the increased tax base. The opposite can be expected, he stated, because the new people attracted to work in the Park would require more services and cost the town more money than could be gained from the taxes collected from the new business plants. Mr. Rocha said the authority for this fact is the U. S. Chamber of Commerce. This authority notes that "economic expansion is usually reflected in increases in population, school enrollment and other concomitants of general community growth." A chart in the U. S. Chamber of Commerce publication "What New Jobs Mean to a Community" shows as follows:

Rocha explained that, at present, Mattapoisett has 10 industrial plants with a valuation of $520,500 and total tax of $32,791 which represents .014% of the town's total tax revenue. He said we have 62 commercial establishments of $1,600,000. in value which furnish $104,000 in total tax for a .045% of the town's total tax revenue. According to the assessors, experience has shown that demands for services to employees far exceeds the revenue from the industries and business.

Rocha said that Mattapoisett is in a far better financial picture than surrounding cities and towns because our economy is based on the summer population which furnishes income without great demand for services and schools. He said that New Bedford, in contrast, with a large and growing industrial base is in financial trouble.

The assessors agree that there is still a large area of land available for development for summer homes. They also are in agreement that industrial development will demand more of the town's resources that it can possibly create in tax revenue. They want the townspeople to know these facts so that they can knowledgably assess the increased growth of the town caused by industrial development with a realistic expectation of the result.

The research study by the Chamber of Commerce of the United States, 1615 H Street N.W., Washington, D.C. 20006 is titled "What New Jobs Mean to a Community" (2928) and can be ordered from that source for $2.50.

Time's running out to improve your home and get free fire protection before winter!

This dual-chamber ionization detector can warn you and your family of fire at the earliest possible state...before there are visible signs of smoke or flame.

Its loud, 85-decibel alarm horn alerts you to danger before smoke, flame and heat can cause serious hazards and panic, giving you and your family extra time to react and escape to safety.

It can be installed instantly, merely by plugging it in. And it's easy to wire in permanently, too.

At its usual retail price of $49.95, this smoke and fire detector is a real value. Now you can get one FREE with a home improvement loan of $1,500 or more...two FREE with a home improvement loan of $3,000 or more.

Just in case you haven't heard, HOMESAFE's a very special home improvement package from New Bedford Institution for Savings. It provides money to ready your home for winter, plus free early-warning smoke and fire detection equipment to provide important added safety for your family.

TO THE VOTERS OF MATTAPOISETT

On November 2nd, you along with other Massachusetts residents will be asked to vote on Referendum Question 5. Question 5 is a proposed new law which would prohibit the ownership of certain firearms and provides that the State would confiscate all known firearms falling within the law. Unless Question 5 is defeated, Massachusetts taxpayers will be faced with a new round of tax increases. The cost of implementing this law, if passed, has been estimated between $40,000,000. and $300,000,000.

Aside from the fact that the confiscation of privately owned firearms by the State will cost us money, it is our opinion that the law will very simply not work. Illegally owned handguns will still be in the hands of the criminals just as they are right now.

Massachusetts already has the most restrictive gun laws in the United States. There are 20,000 State and Federal gun laws in this nation. The present laws if strictly enforced by the courts would be sufficient enough to control crime. We do not need any more unenforced, poorly conceived gun laws on our books.

Along with the issues mentioned above, we are opposed to giving the State the power to confiscate private property. This is wrong and infringes upon our individual rights as provided in the Constitution.

QUICK! name the acting TREASURER of Plymouth County

Can't do it? Well then, the County Treasurer isn't doing his job.

It's not enough for the County Treasurer to be an accountant. He must have strong leadership and management capabilities.

Frank Underhill believes:

- your Treasurer should publish frequent fiscal reports
- your Treasurer should be visible and available to you
- your Treasurer should speak out on financial and tax programs at all levels of government—state, county, and municipal
- your Treasurer should institute a continuing program to keep city and town employees abreast of their status in the Plymouth County Retirement fund.

Frank Underhill has proved himself as an accountant. And his record as a public servant demonstrates that he has the administrative and leadership abilities that the County Treasurer's office demands.

The Committee received reports from Dr. Hagelauer concerning Chapter 766 problems. Among other things, he indicated a full work load for the new school psychologist and the need for 32 full or intermediate core evaluations at this time. He also indicated that 35 students are being aided in the Resource Centers of the two schools on a daily basis.

Letter to the Editor

On December 18, 1975 at a meeting of the Massachusetts Chiefs of Police Association, Inc. in the Town of Boxboro, it was voted unanimously to accept the recommendations of the Firearms Committee that the Association go on record as opposed to a petition being circulated throughout the Commonwealth calling for the banning of hand guns. The reasons are as follows: 1. Criminals would not turn in handguns. The Supreme Court has ruled that they do not have to register illegal guns as that constitutes forcing them to testify against themselves. 2. Guns banned in Massachusetts would readily be available in nearby states which have liberal gun laws. 3. The majority of law-abiding citizens who have firearm permits would turn in their guns.

They would be then at the mercy of the criminal. 4. The law would, in effect, make criminals out of formerly law-abiding persons who did not want to turn guns in. 5. In these times, crime has increased dramatically and police cannot protect everyone. Therefore, a citizen should have the right to protect his family and himself. 6. The law would be similar to the Constitutional Amendment prohibiting liquor in 1919 and repealed in 1933. There would be a black market in guns and added revenue for racketeers. 7. The economics of confiscation of handguns would be prohibitive in a state that is now overtaxed and in a precarious financial status. The cost would be in the millions of dollars.

I personally recommend stricter enforcement of present laws, speedy prosecution and maximum punishment along with tighter control in issuing firearm licenses. I also recommend a program for the certification of proficiency which would require all applicants for firearm licenses to enroll in a course dealing with weapons use and safety.

A second requirement of this program would be that the applicant pass an examination to demonstrate knowledge and proficiency in firearms use and be certified by a law-enforcement agency.

THE VOTERS KNOW WHERE I STAND!

EVEN THOUGH MY OPPONENT MAY NOT

Contrary to what my opponent may claim, I have never changed my stand on the issues.

On July 22, 1976, shortly after I announced my candidacy, The Citizens for Participation for Political Action, a public interest group, asked me and my opponent where we stood on gun control and the graduated income tax.

My written answers were an unequivocal "NO" to both these referendum questions. This is a public record available to every citizen, including my opponent.

Sincerely,
Charlie Decas

Teachers Reject Offer

The following news release has been received by the Presto Press from Mr. James Bradshaw, chairman of the Teachers' Negotiating Team.

At a 7 A.M. meeting Friday at the Old Hammondtown School, teachers of the Mattapoisett Schools voted unanimously to reject what the School Committee had termed its final contract offer. This action, which culminates over five months of steady bargaining and three fruitless mediation sessions with State Mediator Brandon Dalton, sends the unresolved dispute to Fact Finding and represents the first major teachers' contract dispute in Mattapoisett's history.

Relations between the two groups began to deteriorate in late August when the School Committee, in an unprecedented move, voted not to extend the existing teachers' contract for the duration of negotiations. Additionally, the normal step increases to which teachers would have been entitled under the old contract were unilaterally withheld.

The major area of disagreement is salary. According to James Bradshaw, Chairman of the teachers' negotiating team, "The (School)

Haunted House !

LIONS CLUB HAUNTED HOUSE CONTINUES

In spite of the inclement weather, King Lion John Pagenkopf said this year's Mattapoisett Lions' Club Haunted House is doing well. So far, better than 3000 hearty souls braved the weather and the ghouls for this scary event at the YMCA's Camp Massasoit, Reservation Road, in Mattapoisett. It's the area's Original Haunted House and according to reports....it's better than last year's, and still the best conceived and best run. More than 25 people a night are required to operate the Haunted House...with attendance expected to reach 10,000 before the final night, Friday, October 29th. There is a small admission fee...there is plenty of parking ...and the hours tonight through Friday are 6 to 9 P.M. - Proceeds from the Haunted House support the many projects of the Mattapoisett Lions' Club such as Eye Research, the Eye Bank, playground equipment for the town, the tennis courts, and the town rescue boat. "MAIN STREET, 1900"

There are 3 Main Streets in Lakeville — Old Main Street, Main Street and on November 5 and 6, there will be Main Street, 1900.

"Main Street, 1900" is the theme of the second annual Christmas Bazaar, planned by the Sodality of Sts. Martha and Mary Church, Lakeville, and St. Rose of Lima Church, Rochester. The event will be held on Friday, November 5, from 6-10 P.M. and Saturday, November 6 from 10 A.M. to 4 P.M. and 6-8 P.M. at Sts. Martha and Mary Church, Routes 18 and 105, Lakeville.

What you will find on "Main Street, 1900" is a carefully planned and laid out shopping district decorated in the manner of the 1900's. Workers will be in costume and many period pieces such as a gas chandelier, roll top desk, Victrola and a soap box --- complete with Suffragette --- will make a visit to "Main Street, 1900" informative for some and nostalgic for others.

ville, will be at the Bazaar to speak informally about life on Main Street in 1900. Train and steamship service allowed Lakeville to enjoy a popularity in 1900 as a resort area. Cruises on our lakes and clambakes on our shores attracted people to Lakeville from what were great distances - Boston and New York.

A popular feature of the Bazaar is a children's store which no adult may enter. A large selection of gifts for children to buy are available at child-size prices. Other shops will sell Christmas decorations, hand-made articles, plants and gifts. Homemade apple pies will be sold at the bakery and a restaurant will serve hot and cold meals.

Ladies with or without escorts are cordially invited to "Main Street, 1900" -- to shop or to stroll, to learn or to remember, but most of all -- to enjoy.

How Does it end?

PATRONS SERVE ON PLAY JURY

An unusual and startling fact about ORRHS's production of "Night of January 16th" has been disclosed: Ayn Rand, the author of this play, did not write an ending! "The audience writes the conclusion," says director Susan Aaronson. Mrs. Aaronson went on to explain that as patrons purchase tickets, they may leave their names as candidates for jury duty. On the evening of the performance these names are given to the clerk of the court, who places them in a box, and the twelve that are drawn by lot are selected to serve. These "jurors" are then sworn in and take their places in the jury box.

Between the acts the jurors are led off the stage to a small deliberation room. Each act represents one day of the trial. Just before the ending of the third act, the jury retires for one last time to render a verdict. They note after a short discussion taking, for the sake of time, a majority vote as decisive for mistrial.

"Night of January 16th" will play only one night, Friday, November 5th, at 8:00 P.M. at O.R.R.H.S.

Tickets to the trial may be purchased at the school.

To The Voters of Mattapoisett

May I take this opportunity to express my personal thank you to all those who supported my nomination for re-election to the State Senate on Primary Day, Sept. 14.

I should also like to express my very deep gratitude to the town coordinators and their hard-working committee who made this task so enjoyable and successful. I shall always remember your outstanding efforts.

I am extremely grateful to my long-time Mattapoisett friends who have been with me through the years and worked in my behalf throughout my political career. Also, to those who work in education and those who have a concern for education, your efforts during the past months have been appreciated.

Once again, many thanks for your vote on Sept. 14, and with your continued support on Nov. 2nd, I can assure you that you can count on me to provide full time effective representation to the Town of Mattapoisett.

MATTAPOISETT GRANGE

Mattapoisett Grange held its bi-monthly meeting Thursday night, October 21, with the worthy master Dennis Sylvia presiding. Having the proper quorum present the Grange was able to transact the important business that had been held up so long.

Donations for the hall renovation are still coming in plus $77.00 from the sale of cookbooks. Another shipment of the National Grange cookbooks should be in any time so be sure and have yours reserved if you wish one.

A program of Halloween fun was put on for the lecturer's hour by Past Pomona Lecturer Ollie Gifford and Kathy Buckley, assisted by the members, and was very much enjoyed. It comprised a Halloween reading by 3 guests from Nantucket, a pumpkin seed game, a play, the Walking Casket with 8 people taking part and a Halloween post mortem with all taking part in it. All vowed they had a wonderful time.

STATE REPRESENTATIVE
7th PLYMOUTH

I have done my best to conduct an honest, open campaign in the 7th Plymouth District. I appreciate your warm response as I have personally traveled from door to door talking with the voters and answering your questions.

My record of public service in my own Town of Wareham speaks for itself, and the voters told me that they believed in my straightforward manner by re-electing me as a Selectman with the largest plurality ever given any Selectman in that town. They said they wanted a man who was honest, available to the people, and working hard for all the people, all of the time.

This is exactly the kind of Representative I intend to be, and will be. I won't sit in an office waiting for you to come to me; I'll be out there, visiting your town whenever possible, looking for input from you. That's what being a Representative is all about. Representing all of the people all of the time.

MIKE ROBERTSON WANTS TED KENNEDY'S JOB, SO HE CAN HELP PROTECT YOUR JOB!

Mike Robertson knows how to keep business and jobs in Massachusetts.

Companies are leaving this state. And taking jobs with them. Because they can't afford the unbearable taxes, high energy costs and the ridiculous price we pay for bureaucracy and welfare.

Mike Robertson has worked hard to build his company and create jobs for people in Massachusetts. Ted Kennedy has never created a real job for anybody in his entire life. Yet he talks about guaranteeing a job for everybody. He'll pay for that make-work by raising **your** taxes.

The next job that leaves Massachusetts may be yours. Can you afford Ted Kennedy for six more years?

Ted Kennedy promised to do **more** for Massachusetts. This time, vote on his performance, not his name.

ELECT
CHARLES N. DECAS
BETTER QUALIFIED AS OUR NEXT STATE REPRESENTATIVE

TOWN OF MATTAPOISETT
MASSACHUSETTS 02739

OFFICE OF THE SELECTMEN

October 27, 1976

Dear Fellow Democrats, Friends & Neighbors,

As Selectman, during the past four years, I have worked hard to serve you, the taxpayers of Mattapoisett, with candor and responsiveness to the problems facing our town. As one of your Selectmen, I have seen the State Legislature pass laws with little or no concern as to their affect on the towns within our Commonwealth.

This year we must send someone to the Legislature who will speak out and be heard. I have known Charlie Decas as a businessman, a fellow Selectman of Wareham and as a friend. I am convinced that he can best represent us in Boston as our State Representative.

As a Selectman for the Town of Wareham, I have seen how through his involvement, Wareham is now on the move. We need an individual to represent us who can relate to the problems in our district through experience.

Election should neither be popularity nor dogmatic partisian contests but contests which elect the truly qualified candidate.

Charlie Decas is <u>better qualified</u> by background and experience. He has taken positions on the issues of the graduated income tax, gun control, tax reform for the elderly, penal reform and has been the only candidate to publicly circulate initiative petitions to return the proceeds from the State Lottery back to the cities and towns.

I urge each of you to compare the candidates for election to the State Legislature as Representative from the 7th Plymouth District. I have, and I am voting for the better qualified candidate on next Tuesday, November 2nd.

<u>Join me and vote for Charles N. Decas</u>

Very truly yours,

William F. Hubbard
